

Easter Message:

When Jesus rose from the dead, the world around him, that is the burial garden outside the city of Jerusalem had not changed. Except for Mary of Magdala she had come to the tomb. She was the first to see “The Risen Christ”. From that moment onwards life for her, for the disciples and for world history would never be the same.

The Resurrection of Jesus would touch and influence human life itself. Jesus now enters and is part of ordinary life in all of its stages.

Ordinary in the sense that Jesus raises us to meet the challenges and realities of life. He is with us during the good and difficult times. He keeps alive the human spirit, which constantly requires to experience the values of faith, hope and love.

The Risen Christ is with us.

Happy Easter to all Parishioners

Fr. Manny Lomagno

Parish Priest – St. Mary’s Cowes
