

Catholic Diocese of Sale

Bushfires 2019-2020

Prayers of Intercession during the Bushfire Crisis

For all who have died in the bushfires, that they may rest now, safe in the loving arms of God. Lord, hear us.

For all who grieve for their loved ones, that God will wipe away their tears and give them consolation and peace.

For all those who so courageously are fighting the bushfires, that they may be protected and kept safe from harm.

For those who have lost everything, that they may know the God's consolation through the care and assistance that they receive from others.

For all those who work to rescue the injured, tend the dead and take care of the survivors that God grant them strength to continue their work.

For the communities who have felt the effects of the bushfires, that they may be supported and helped by the concern and the practical care that we can offer them.

For our Diocese, our state and our nation, that God grant us wisdom and compassion as we respond to this tragedy.

For ourselves and our local community: that God protect us from all harm.
